

We are collecting:
NEW Athletic Shoes for kids of all ages
and genders from preschool to high school
NEW Athletic Socks

Each year the APTA House of Delegates performs a shoe drive to provide a FREE pair of new athletic shoes to kids in need.

In this spirit, we are going to collect NEW athletic shoes and socks to be distributed to Alaskan kids in need.

Let's get Alaska kids moving and:

- promote physical fitness
- promote sports
- combat childhood obesity

Please help us collect new athletic shoes and socks to be distributed to underprivileged children at back to school time. We need everyone's support to make this successful. Let's help our kids start the school year with all of the supplies they need.

Please Support this Cause!
